The buying power to get the best deal

When you're trying to get the products you need at a fair price, it makes a big difference if you've got buying power to leverage the best possible deal.

IFS Insurance Solutions gives you that power, because we already deliver insurance services to employers, not-for-profit organisations, industry super funds and unions covering millions of members and billions of dollars in assets.

Are there people in your business whose prolonged absence would have a detrimental impact on profitability? Having a key person insurance plan in place can replace lost revenue, fund the cost of a paid replacement or repay debt if one of your key people dies or becomes disabled.
